### WORK EXPERIENCE

- **Asp .Net (MVC) Developer** / ALIEN'S TECH, 2015-16  
I worked in Alien's Tech as a Asp .Net (MVC) Developer. It was a very good experience for me towards my career. It was focused on back-end and front-end development.
- **WEB DEVELOPER** / RANGLERZ DIGITAL MARKETING, 2016-ONWARD  
I am working in RDM as an Asp .Net (MVC) Developer. I have completed two projects there solely and also working on another projects.

### PROJECTS

- **Factory Management System**  
Web based Application on Asp.Net MVC. It contains different modules i.e accounts management, vouchers, user management, activity log, sales/purchase.
- **Routes Management System**  
Web based Application on Asp.Net MVC. It was designed to keep record of logistics goods transfer within the company and vendor's management.
- **E-SALES PRO**  
Web based Application on Asp.Net MVC. It was developed to keep record of all sales and purchase throughout. And it maintains customer's history.
- **Find Doctor** / FINAL YEAR PROJECT  
Find doctor is a location based android application that lets users find the doctors they want to consult. The user can search by name, area, disease, and specialty or by only providing the radius.
